Venice, March 14. N. S.

THE great Convoy designed for the *Levant* will be ready to sail in a very short time: The *St. Domingo* Man of War arrived here last Thursday, having on board Signior *Alexander Molinos*, who left *Napoli di Romania* on the 16th of *February*, Captain-General *Cornaro*, his Successor, being arrived there the 12th, and having taken upon him the Command of the Venetian Forces: This Ship brings no manner of news, all things being very quiet in the *Morea*. Another of our Men of War is sailed hence for *Cefalonia*, to bring home Signior *Anthonio Molinos*, General of the Islands, whose Commission being expired, he is preparing for his return. We hear the Viceroy of *Naples* has, by Order of his Catholick Majesty, restored the Island of *Ponza* to the Duke of *Parma*. The Moscovite General *Szeremet* left this place last Wednesday.

Dantzick, March 22. The King of *Poland* having left *Marienbourg* on the 17th Instant, came the same afternoon to a Country House near this place, where he was received by some of our Magistrates, and lay that night: The next day his Majesty, attended by the Chancellor *Denhof*, the Great Treasurer of the Crown, the Chancellor *Sapieha*, the Bishops of *Kiow* and *Ploske*, and several other Persons of Quality, with our Senate and principal Inhabitants, (who went early in the morning to wait on him) made his publick Entry into this City, being received by the Burghers and Garison in Arms, and with a treble discharge of our Artillery; The King is splendidly entertained by this City, who omit nothing that can express their Respect for his Majesties Person, and Zeal for his Interests: The King went yesterday to *Oliva*, to view the Place where the Prince *de Conti* landed; and 'tis said he will make a turn to *Putzk*, to visit the Fortifications of that Place; and that soon after *Easter* he intends to return to *Warsaw*.

Vienna, March 19. Our Court is at present chiefly employed in hastening the Preparations for the next Campagne, and in taking the necessary Measures to encrease and maintain our Forces, to which end several Treaties are on foot with the Princes of *Germany*, and Recruits from the Hereditary Countreys march daily towards *Hungary*. Orders have been dispatched to the Regiments of *Stirum*, *Gronsfeldt*, and *Serini*, to march into *Poland* to join the King's Forces. We hear from the Frontiers, that a Party of our Men have taken several Turks who were employed by the Commander of *Belgrade* to cut down Palisadoes for the Fortifications intended to be raised there and at *Vypalanka*; And that a Party of 200 German Horse which were sent to make an Incursion towards *Bognatuca*, was returned with a considerable Booty, and some Prisoners, among whom was an Aga who had been dispatched by the Commander of *Belgrade*, to give several Orders at *Bognatuca*, and from thence to go to *Bihatz*, and take upon him the Government of that place, vacant by the death of the Bassa who commanded there before. Our Letters from *Caranzebes* advise us, that a Party sent out thence towards the *Temes*, had met with one of the Enemies, who were attempting to pass that River, in order to bring some Provisions into *Temeswar*, and falling upon them, took several Prisoners, and put the rest to flight.

Berlin, March 25. Mr. *Stepney*, Envoy Extraordinary from His Majesty of *Great-Britain*, arrived here on the 14th Instant, and on the 16th had his Publick Audience, with the usual Ceremonies, and has been since visited by most of the publick Ministers at this Court. Monsieur *Dankelman* continues a Prisoner at *Peitsch*. The Chancellor of *Minden*, his Brother, his Electoral Highnesses Minister at the late Conferences at *Pyrmont* for Adjusting the Differences between the Court of *Denmark* and the Duke of *Holstein*, is recalled to Court; as is likewise Monsieur *Falaiseau*, the Electors Envoy at the Court of *Denmark*. Our last Letters from *Dantzick*, which are of the 22th, say, the King of *Poland* intended to stay there 10 or 12 days longer, being very well satisfied with the Reception he has from that City. Count *Camis* went hence the 20th for the *Hague*, being appointed to reside there as Envoy Extraordinary from this Court.

Francfort, March 26. The French have delayed the Evacuation of *Philipsbourgh*, in expectation that some Persian shall be authorised by the Empire as well as by the Emperor, to take possession of the same; To remove which difficulty, we hear, the Dyet at *Ratisbonne* have resolved to give Prince *Lewis* of *Baden* the necessary Powers, and that an Instrument is ordered to be drawn up to that effect. The Deputies to the Circle of the *Upper-Rhine* being all arrived here, they opened their Assembly yesterday, and have already entered upon the Consideration of the Supplies demanded of them towards maintaining the Garison of *Philipsbourg*. Count *Nassau Weylbrug*, General of the Elector *Palatine's* Forces, arrived here last Sunday. The Count *de Boinenburgh*, his Imperial Majesty's Commissioner, having been at *Nuremberg*, and at the Court of the Elector of *Mentz*, to Negociate a Treaty for some Troops to be sent by that Elector, as likewise by the Circle of *Franconia*, into the Emperor's Service, returned hither some days ago. Don *Pacheco*, Envoy of *Portugal*, who came lately from the *Hague*, is gone hence on his way to *Vienna*.

Hamburgh, March 28. The Prince and Princess of *Wolfenbuttel* came hither last Tuesday, to take their Leaves of the Duke of *Holstein*, who designs in 5 or 6 days to begin his Journey to *Stockholm*, in order to his intended Marriage with the King of *Sweden's* Sister. Major General *Ranzow* died here here some days ago, in the 60th year of his Age, of the Wounds he had received in a Duel with Colonel *Ranzaw*. Mr. *Crosset*, Envoy Extraordinary from His Majesty of *Great-Britain*, intends shortly to go hence to the Courts of *Hanover* and *Zell*. We hear from *Copenhagen*, that Monsieur *de Falaiseau*, who resided there on the part of the Elector of *Brandenburg*, would shortly leave that place in order to return to *Berlin*; and that the Duke of *Wirtemberg* has lately taken a Review of most of the Forces of that Crown, in order to make a Report to the King of *Denmark* of the Condition they are in. Our last Advices from *Poland* say, the Disorders in that Kingdom are still very
